SANTA ANA, CALIFORNIA, OCTOBER 6, 1944

NO. 11

Six Students In Play Tonight

CAMPUS SITE MAY BE SOLD

The Board of Education has set Oct. 12 as the date for accepting or rejecting the offer of \$91,000 received from Stanley M. Reinhaus, local attorney for the site now occupied by the junior college.

According to the state school code the trustees have ten days to consider the offer made at the meeting of the board on Tuesday evening. The only other written bid was made by M. B. Hendricks, Santa Ana realtor, acting as an agent. The Hendricks bid was for \$90,000.

Should the trustees decide to sell the present site the college would have to move to temporary quarters and vacate the premises by August 1, 1945, according to the provisions of the agreement.

No one was present to discuss the possibility that the city acquire the site for a civic center.

Del Ano Wins Honor in National Contest

Del Ano has again been awarded All-American honors by the National Scholastic Press Association of the University of Minnesota. Miss Frances Egge announced today. This is the second time since 1937 that the publication has received this distinction.

Del Ano Editor Ethel Schoneman

Edited by Ethel Schoneman, the annual won the honors in competition with other junior colleges throughout the nation, scoring 355 points out of a possible 490. Four other jaysees, with enrollment of 500 or under also received the All-American award.

Del Ano's literary staff, in addition to Miss Schoneman, included Kearney Luers, Winston Hill, Lois Bogardus, and Walter Buckner. Lois Bacon, Helen Webbeking, Elaine Dollard, June Miles, and Frank Devenney comprised the art staff. Kathryn Stern and Virginia Carter acted as business managers of the publication. The photography was handled by Bob Miller and Rodger Howell.

Assembly To Feature 'The Land Down-under'

Mr. Phillips, who is in charge of assemblies, promises a most unusual program for Friday, Oct. 13. Miss Marjorie Miller, noted lecturer, will speak on "The Good Companions in Australia." Exclusive, authentic pictures of our American troops in the "land down under" will be shown.

Miss Miller has appeared at Stanford university, University of California Los Angeles campus, Los Angeles City college, San Bernardino Junior college Evening Forum and many other places in the state.

'THE GIRLS TAKE OVER'

Bob Minnix struggles in feminine attire, from Act III. Left to right: Mary Tozier, Virginia Daniger, Bob Minnix, Connie Barnett, Gloria Turtenwall, and Ethel Ann Perry.

A Prediction and a Precedent

AN EDITORIAL

Back in the year 1938 one of the best friends Santa Ana has ever had, the late Terry Stephenson, then Orange county treasurer, wrote for publication in El Don the following paragraphs:

"We face the fact, as we have for some years past, that Santa Ana needs an adequate junior college plant more than it needs anything else.

"The junior college is here to stay. It has a permanent place, and a highly valuable place, in the community—a place that mighty few persons would want to see disturbed. Its main handicap is in its grounds and buildings. We cannot expect to go on indefinitely with make-believe college buildings scattered along Main street, through the Y.M.C.A. building and way stations.

"We have a chance to do something about it in a reasonable, business-like way.

"I'll make this prediction: If Santa Ana builds this junior college now, nobody in all the years to come will regret it."

This unqualified endorsement of the efforts of the Board of Education of 1938 to provide the community with better educational advantages might well be recalled at this moment. The situation is even more grave now than it was six years ago. Post-war needs that did not then exist deserve and demand attention. Courses in many types of shop work such as airplane construction, Diesel engines, electrical refrigeration, auto mechanics, forge, and welding must be made possible to students of junior college. Our present campus lacks adequate facilities for such work. Other needs might be cited—the list is long—a gymnasium, an auditorium, and a cafeteria.

Although Santa Ana Junior college ranks high in scholastic rating we cannot hope to maintain our position forever unless equipment and housing are improved.

The "Junior College Journal" for October, 1934 contains the report of an action taken by the citizens of Highland, Kansas when the junior college of that town was faced with the necessity of closing its doors. Although the population numbers but 700, business men of Highland raised through voluntary contributions \$5000 and guaranteed the operation of the Highland Junior college throughout the critical period of the war.

This happened in Kansas and the Santa Ana Independent wonders how the Board of Education is to finance the erection of our new junior college buildings! —J.P.

SCHEDULE OF GAMES

October 6	Santa Ana at Compton
October 13	UCLA "B's" at Santa Ana
October 20	Pasadena at Santa Ana
October 27	Modesto at Santa Ana
November 3	Dons at Pasadena (Rose Bowl)
November 11	Pomona College at Santa Ana
November 18	USC "B's" at Santa Ana
November 23	Compton at Santa Ana
December 1	Santa Ana at Modesto

Bureau Offers Part-time Work

"There is no reason why any student should lack funds for remaining in college," declared Miss Genevieve Humiston, director of the Placement Service. "The chief and real purpose of our department is to line up jobs that are part-time and yet pay well enough to enable students to stay here with us."

"Do you ever secure full-time occupation for those who may want to earn money rather than get an education?" Miss Humiston was asked. "And what kind of jobs do you have?"

"At the end of the semester we put students in contact with employers seeking full-time help," Miss Humiston replied. "Practically every type of job that a college student could handle is available. All kinds are waiting. There are calls for laboratory assistants, salesmen, clerks, restaurant workers, typists, janitors, women to work for board and room, and a hundred other answers to 'what have you' inquiries. Business relationships have been established with nearly all industries and firms in Santa Ana."

"Any student under 18 years of age must obtain a work permit, however, as old permits issued for summer jobs are not valid now. These new permits may be secured through the Placement Service."

Alpha Gamma Sigma Members Elected for First Semester

Omicron chapter of Alpha Gamma Sigma, state honor society for students of junior colleges, elected twenty-three students from those enrolled for last semester to temporary membership in the organization.

Of the twenty-three students receiving the necessary grade points for membership this semester in Alpha Gamma Sigma, only four are now in college. Earline Vite, Margaret Grisct, Vivian Gothard, and Lois Bogardus constitute the active membership of the Omicron chapter.

Other students elected were: Adah Mae Adkins, Pat Collins, Barbara Cox, Julia Demers, Shirley Evanson, Winston Hill, Bob Jones, Madelyn Kubitz, Kearney Luers, Bob Mahoney, Virginia Michelsen, Eugene Murphy, Gloria Sjoberg, Roberta Todd, James Utt, Muriel Verdugo, Helen Webbeking, and Shirley Wright.

YW Makes Plans for Very Busy Year

Sandwiches and cokes will be sold during the noon period (11:30 to 12) in Bungalow N beginning next Monday, Mrs. Gail Smith, YWCA adviser, announced today. Inexpensive lunches to students on the campus proved popular last year. Sandwiches will sell for 10 and 20 cents.

Wednesday evening the YW held its first social event of the year, a pot-luck dinner, to acquaint freshmen and new women students with the activities of the club. Committee heads for the dinner were: program, Lois Bacon and Margaret Grisct; invitations, Jane Cosand; refreshments, Mary Tozier and Gertie Kinzey.

Tea will be served to all girls who desire membership in YW Wednesday, Oct. 18 at 3:30 in the Women's Lounge. It is important that all girls who plan to participate in club activities attend the tea, as the cabinet for the year must be selected soon, Mrs. Smith said.

Junior College Group Appear In Parish Hall

"The Girls Take Over," a three-act play to be given tonight by the Junior Community Players, under the direction of Robert Minnix, features Gloria Golden Turtenwall in the lead, with Virginia Daniger, Connie Barnett, Ethel Ann Perry, and Mary Olive Tozier in supporting roles. Tonight's play is to be given in the Church of the Messiah parish hall, corner Seventh and Bush streets. An invitation for membership to the Junior Community players is extended to any jaysee student interested in drama.

Junior Community players, organized last year by Robert Minnix and other students of the college, is sponsored by the Santa Ana Community players, and has appeared on several occasions at monthly meetings of the adult group.

When the senior Santa Ana Community players assemble for their first meeting of the season tonight, they will open the silver anniversary year of the organization, and at the same place where the idea for such a group was brought forth 25 years ago.

Ernest Crozier Phillips, now dean of men and dramatic instructor here at jaysee, issued the first call for the formation of the Community players in the fall of 1919, and a large group of aspirants reported.

Directed by Phillips for its first eight years, the organization became one of the city's most popular civic enterprises. Mrs. Burr Shafer is the present director.

The formation of the Junior Community players was due to the interest in dramatic production stimulated by Mr. Phillips here in our institution, Minnix explained. "We are inviting students of jaysee to attend the performance tonight. There is no admission charge. Come and join us in putting on bigger and better shows."

Miss Decker Heads State Federation

"It's a grave but welcome responsibility," says Miss Dorothy Decker, commerce and economics instructor, of her work as state president of the California Federation of Business and Professional Women's clubs. Miss Decker represented California at the National Convention held in New York at the Waldorf-Astoria July 12 through 18.

"The federation's membership," she explains, "includes some 8,000 women engaged in professions including law, medicine, and teaching."

Contribution to the Community

Occasional expressions of appreciation on the part of business firms for the practical help given the community by the college have suggested our calling attention to the work of the Placement Service during the past five years.

In this issue of El Don appears an invitation to students from the bureau to avail themselves of the opportunities offered for part-time employment. Between Sept., 1939 and April, 1944, 1,443 positions have been obtained through the Placement Service. Those students who have applied to the bureau for assistance in finding work have been carefully investigated and given training for assuming the responsibilities of the jobs they undertake and their subsequent success or failure has been noted by the department.

Although the employer's needs are kept in mind every effort has been made by the bureau to protect the employee from exploitation.

This service is open to every student enrolled in the college and to alumni as well. Full-time positions during the five-year period have been procured for 353 students. However, as the purpose of the Placement Service is to enable students to remain in college most of the full-time jobs have been found for those being or having been graduated.

The importance of this department to the community and to the junior college cannot be unduly stressed.

OUR PART . . .

No football game is ever won by the team alone. Regardless of the tireless patience exerted in long hours of practice, the element of moral support is essential. It is we—the Dons and Donas—who are called upon to furnish the vital force which will stimulate the team.

Did you ever sit in the bleachers and watch the fellows work out? Did you ever tell them how much you appreciate the effort they're putting forth?

Let's all come out and watch the practice some night soon, and let them know we're behind them 100 per cent. The players are showing plenty of school spirit. Why don't we! There's no priority on it. —L.B.

El Don Speaks

The EL DON is the official organ of the Associated Students of the Santa Ana Junior college, and, by that virtue, is open to the criticism and comment of all members of the Associated Students.

Therefore, any member of the Associated Students wishing to criticize, expound, publicize, condemn, or enlighten the Associated Students regarding any issue, trivial or great, may exercise the privilege of writing the editor of El Don. His communication will be published by the editor in the column called "Dear Don," provided it does not contain untruths. No letters unsigned by the writer will be published.

Students with honest gripes should publicize them. A few compliments handed out might overwhelm us temporarily but would be appreciated.

Cervantes Club Will Organize

The first meeting of the Cervantes club will be held Tuesday at the lunch period in room 208 of the Board of Education building. Any student interested in the activities of the club or in a practical use of the Spanish language, whether enrolled in classes of Spanish or not, is urged to attend this first meeting as plans for the future meetings of the organization will be completed.

The interest which has already been evidenced in the club augurs an active year.

International Group To Continue On Campus

Plans are being made for a continuance on this campus of last year's International Relations club. Mrs. Jennie Tessmann, club adviser, said today.

Members of last year's club returning are Bob Miller, Henrietta and Margaret Grisette. These three recommend the meetings highly. Margaret Grisette says, "They are interesting and educational. Sometimes we really get into some 'hot' discussions."

All students are invited to join. The first meeting will be announced soon in El Diario.

Dear Don

Dear Editor,

Since when has our school fallen so far behind the times as not to recognize changing styles. Doesn't the faculty of this college realize that the days of the hoop skirt and ankle length dresses are in the dim, distant past?

Advertisements are to be found in all of the exclusive women's magazines such as Mademoiselle and Bazaar for tailored slacks suits for sports, everyday, and college wear. Why is it then that on our campus the wearing of slacks is definitely taboo although such absurdities in the men's dress as dirty Levis, open collars, and worker's jackets are permitted?

This discrimination I consider most unfair and unreasonable. Slacks have proved to be not only more modest and chic, but many times more comfortable than dresses, and comfort means much when it comes to studying and concentrating. What after all is the main purpose of this institution?

Must the modern woman be forever held down by stupid convention, by uncomfortable fashion regulations? I say "no" and I speak for many others, too. Something should be done about this situation and it should be done now!

Sincerely,
A Campus Feminist

Dear Campus Feminist,

I've heard many arguments both for and against the wearing of slacks on the campus, but you are the first student to take definite action. Congratulations.

The Editor

In the Library

By BETTY EDWARDS

Do you know the "best sellers" published during your life time? If not, take a look at the twentieth anniversary issue (Aug. 5, 1944) of The Saturday Review of Literature, in which appear two informative lists, "Best Sellers Since 1924."

Dr. Canby, founder and associate editor of the Saturday Review also made a list of one hundred books that he considered the best. He has, in addition, chosen the five best novels published during the last twenty years. Here they are: Lewis' Arrowsmith; Hemingway's A Farewell to Arms; Dos Passos' U.S.A.; Steinbeck's The Grapes of Wrath; and Hemingway's For Whom the Bell Tolls.

On display in the reference room of the library are many of the books listed by Dr. Canby.

Alpha Gamma Sigma to Elect

Omicron Chapters of Alpha Gamma Sigma will hold election of officers at three o'clock Tuesday afternoon in Bungalow J2. (El Don office)

Heard On Our Campus

"We're not bothering to send overseas Christmas gifts this year. Mother expects Jack home by Christmas."

Even if the war in Europe ends today, we cannot expect our armies—your Jack and my Bill—home by Christmas.

The war department so strongly felt that service men stationed overseas should be remembered by Christmas packages and good cheer that they again issued a detailed bulletin on Christmas mail regulations and set aside 30 days from Sept. 15 to Oct. 15 as the official time for mailing all overseas gifts. Ten days are left to make Dec. 25 Christmas for your boy over there. Cheerful, simple, useful gifts will prevent Christmas eve blues in foxholes, on the high seas, and in battered French villages.

The army and navy postal services promise that all overseas Christmas mail will reach its destination by Christmas if it is mailed before Oct. 15. Christmas cards may be mailed after Oct. 15 but should be given plenty of time for arrival on Christmas day.

All that holiday remembrances must mean to the man isolated at Christmas from family and friends cannot be adequately expressed in words of ours. Give your soldier or sailor a Christmas eve thrill. Act while there is still time.

Vacant Offices To Be Filled

Candidates for the vacant offices in the Associated Students have been announced as the result of petitions turned into the executive board office yesterday. Bob Miller, John Francis, and Margaret Grisette will contest for the place of president of the Associated Students. Lois Bogardus and Dorothy Hartman are the only candidates for secretary-treasurer.

The election date has not yet been officially set but will probably be fixed for sometime next week.

YW Book Store Will Open Monday

The YW book store, located in the rear of Bungalow N will open Monday at 1:00 p.m., Gertrude Kinzey, store manager said today. The store has The Anatomy for Nurses, a typing, and a shorthand book for sale. "If you can sell your old text," Gertrude said, "give the YW book store a chance."

Mrs. Smith is looking forward to sending several girls to the Western States Conference of colleges and universities at Anaheim near Christmas.

Time Gets Stop Sign From the Gingko

By HENRIETTA GRISET
The present campus site is definitely dated. Believe it or not, a bit of it reaches back and touches the dinosaurs and gigantic lizards of the Carboniferous age.

Two hundred million years ago the parent tree of our graceful Gingko, familiarly known as the jaysee "wishing tree" flourished in the Jurassic period. It must have known the secret of immortality for the Gingko alone has survived time and persisted throughout all the terrific climatic changes the earth has experienced since its remote origin. Only the Gingko knows what the earth was really like back in those days when man might have walked—had there been such a creature as man—on dry land across the Atlantic through America and on to Western Russia.

At one time the Gingko family was almost exterminated. With the exception of a few specimens in Japan the tree had gone the way of all other things of the Carboniferous age. Fortunately these last remnants of this noble plant life were saved and specimens of the two hundred million year old family flourish today in parks and school sites. The jaysee Gingko's roots reach far down into the earth; nevertheless, it is to be hoped that there can be found some nurseryman enterprising enough to attempt to transplant the wishing tree to whatever new campus site is found.

CONFERENCE DATES SET

The University of Southern California will be host, Oct. 13 and 14, to the annual meeting of the Pacific Southwest International Relations Conference this year, according to Mrs. Jennie Tessmann.

Former Doins Write Books

Newton Pierce '25 and Don Hart '39 have received outstanding recognition for books which they have written, Mrs. Jennie Tessman reported today.

Newton Pierce who is an assistant professor of astronomy at Princeton university has written a book on astronomy and made extensive research on variable stars. He has determined accurately the distance from the sun to the earth, Mrs. Tessmann added.

Former Tavern Tattler, Historian
Don Hart, former member of Tavern Tattlers' and the El Don staff has a book on the Philippine Islands which will be published soon and used as a text book in junior high schools. Hart, who is now a staff sergeant at Santa Ana Army Air Base, addressed the Tavern Tattlers last spring at the annual banquet on the subject of racial problems.

First Social Activity Of Associated Students

The first social activity of the Associated Students for 1944-45 will be a program dance, according to a flash bulletin from the social commissioner, Bob Miller. The affair will take place in the peacock room of the Ebell Clubhouse on French street, Oct. 21. Tickets will go on sale Monday, Oct. 16 with reduction in price to holders of student body tickets.

The theme of the evening will be "Harvest Moon" featured in decorations and music records. Caroline Hager has been named chairman of the committee for refreshments, Mary Harding of decorations, and Frank Devenney of dance records and of the intermission program.

Literary Group Will Entertain Freshmen

Many freshmen students interested in writing will be invited to the next meeting of the Tavern Tattlers, honorary literary society, which will be held on October 17, in the women's lounge. At that time, Mrs. Robert Northcross, former dean of women and English instructor, will be the guest speaker.

The Tavern Tattlers held their first meeting of the semester this week, according to Miss Lillian Dickson, adviser. Election of officers resulted as follows: Elizabeth Baker, president; Lois Bogardus, vice-president; Jackie Townsend, secretary-treasurer.

Service Clubs Welcome Women At Evening Party

Nearly 100 women students were present at the party given for them Friday night at the YW, by the Las Gitanas, Las Meninas, the Piloteers and the Sisterhood of Spinsters.

Greeted at the door by sophomores, the guests were presented with favors and name cards and were introduced to the advisers and faculty present. The social hall, which was decorated with college colors for the occasion, was the scene of games and dancing. Miss Agness Todd Miller, dean of women, presided at the refreshment table. Alumnae and former students present included: Benita Horton Thompson, Ada May Harbaugh, Shirley Evanson, Virginia Ebert, Kathryn Stern, and Kearney Luers.

In the Service

First Lieut. Eugene M. Holderman, former student here, recently helped set a new long distance record for British-based fighter planes. He flew on a 1600 mile round trip to the Polish Corridor with an Eight Fighter Command P-51 Mustang group. Holderman, son of Mr. and Mrs. U. G. Holderman of Santa Ana, wears the Air Medal and is credited with destroying two and damaging one ME-110 enemy aircraft over German territory.

Lieut. William J. Hemmen, Jr., son of Mr. and Mrs. W. J. Hemmen, 624 South Parton, Santa Ana, has been transferred from the Carlsbad Army Air Field, Carlsbad, New Mexico, to Kingman, Arizona. Hemmen attended school here.

Technical Sergeant George H. Platt, Jr., former student of jaysee, has won his combat decoration—the Distinguished Flying Cross. Platt, who also holds the awards of the Air Medal with four Oak Leaf Clusters to the Air Medal, is the engineer and top turret gunner on the Eighth Air Force B-17 Flying Fortress, "Mad Hatter." The 20-year-old flier is the son of Mr. and Mrs. George H. Platt, Sr., 2409 Valencia Ave., Santa Ana.

Freshman Officers Elected Tuesday

The freshman class chose Tuesday the following officers to serve for the semester: president, Dick Conde; vice-president, Fred Shand; secretary-treasurer, Judy Baird; AWS representatives, Dorothy Hamilton and Jayne Krause.

Famous Ace To Visit Home

By JUNE SONDERICKER
The last issue of El Don scooped all other county papers with the news of Capt. Carl L. Aubrey's marriage. Again El Don scoops with an item regarding the famous pilot.

Thanksgiving day will see Captain Aubrey and his bride of the past summer at the home of his mother, Mrs. Louise A. Aubrey, 509 South Sycamore street.

Mrs. Aubrey was prevented by illness from being present in the Portland Army Air Base chapel last June 25, when Miss Winnifred Brown, daughter of Mrs. Anna Brown of Minnesota, was married to Capt. Aubrey. The bride wore white and carried an orchid fastened to a white Bible. A graduate of the University of Oregon, she is continuing her teaching activities this year in the primary schools of Portland where she is supervisor of art.

Captain and Mrs. Aubrey's address in Portland is 2737 North West Upshur. The former Santa Ana is noted for his war-ace record as a P-38 pilot. Since last December he has been an air corps flying instructor at the P.A.A.B. He wears the Distinguished Flying Cross and has been decorated repeatedly in the course of his army career.

Bond Queen Weds Air Force Sgt.

Mr. and Mrs. Franklin Davis announce the marriage of their daughter, Ethelwynne Davis to Sgt. James G. Robinson of the Army Air Force.

The wedding ceremony was read by Rev. George W. Cullen in St. John's Episcopal church, Albuquerque, N.M.

The bride will return to Antioch college, Yellow Springs, Ohio after the first of the year. For the present the young couple will make their home in Amarillo, Texas where Sgt. Robinson is stationed.

‘Column Left’

By FRANCIS ERROTA

Coach Bill Cook wasn't kidding when he predicted that his "44" Dons would play razzle-dazzle football. His Dons were edged out by Coach Gene Clarke's Canoneers 18-13.

Although Coach Cook's Dons lost their first contest of the season, the fans who saw the "44" Dons in action against the soldiers, will admit that this team will long be remembered for its daring type of play.

Soldiers Score On Breaks

Coach Gene Clarke's soldiers were handed their first four points on two safeties. The jittery collegians attempted a quick kick near the end of the first period, but Pickering fumbled, and recovered in the end-zone for the first two G.I. points.

Later, another quick kick was attempted by the Dons, but a low pass from center, and a fumble that went out of the end-zone, gave the San Pedro men another two points.

Davis Passes Dons Into Lead

Soon after MacArthur had taken a 4-0 lead, the Dons started going places. It was the sensational passing of Jimmie Davis that gave the Dons a short-lived lead.

After throwing perfect strikes to John Etchandy, Dick Conde, Bob Childs and Jack Pickering, Davis hurled a payoff toss to Pickering from nine yards out. Pickering missed the conversion, and Santa Ana led 6-4.

Mathews Rambles 29 Yards

Just before the half ended, Fort MacArthur drove to the Don 14. A 15 yard penalty moved the ball back to the Don 29, and it appeared that the Dons were out of a pickle, but Ned Mathews, former UCLA All-American ran wide to the right, cut back sharply, and rambled on into the end zone on a brilliantly executed play. Bud Morley made the conversion and the Canoneers led at the half 11-6.

Mathews Scores Again

After being stopped on the Don goal line early in the third stanza, Ned Mathews advanced the ball to his Canoneers to a score. Line smashes by Thurmond Siders and Ned Mthews advanced the ball to the Don 20, from where Mathews ran through center, bounced out of a mass of players at the 9, and ambled on into the end-zone. MacArthur led 18-6.

Davis' Passes Click Again

It was the accurate arm of Jim Davis which paced the Dons to their second score in the final quarter.

Passes to Bigonger, Edwards, Etchandy and Pickering advanced the ball to the G.I. 15. Coach Cook then inserted Carl Oberto at end and on the first play Oberto sneaked behind the Canoneer secondary and neatly gathered in Davis' end-zone toss. Johnny Etchandy added the extra point and the Dons trailed 18-13.

Dons Stopped On 9

The Dons made their final bid by driving to the MacArthur 9. A 25 yard pass from Davis to Givens put the Dons in scoring position, but three successive end-zone tosses fell incomplete.

The lineups:

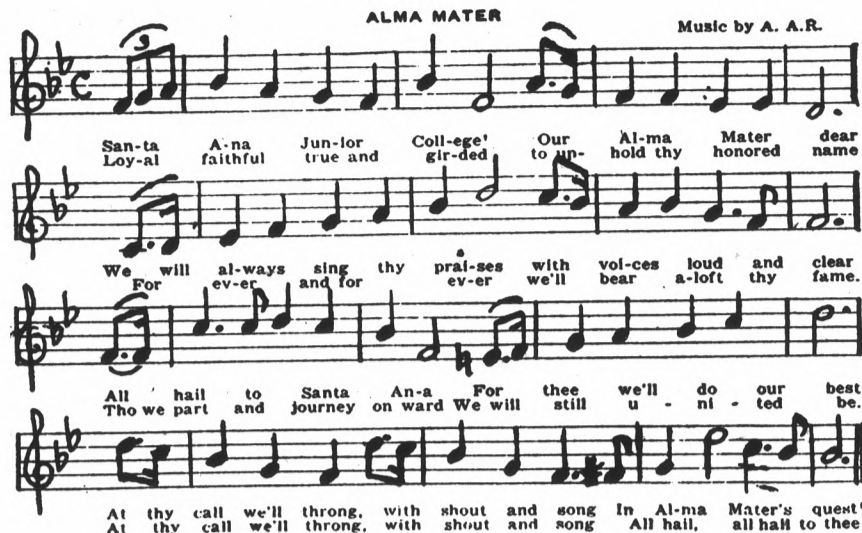

SAJC (13) Fort MacArthur (18)

Childs	LE	Morrison
McGee	LT	Krejci
B. Neth	LG	Gigliotti
Francis	C	Barberio
Bristow (c)	RG	Mohlke
Marsile	RT	Wyman
Edwards	RE	Graybehl
Pickering	QB	(c) Mathews
Oberto	LH	Lubick
Givens	RH	White
Troutman	FB	Kenealy

Reserves: Dons—ends, Bigonger, Pirce, Kellogg; tackles, Clever, Beitler; guards, Denniss, Torres, Weaver; centers, Callahan, backs, Davis, Donovan, Conde, Etchandy, Flanagan, R. Neth, Perkins.

Fort MacArthur: ends, Crone, Burgess; tackles, Cronin, Pringle; guards, Hedrick, Pierce; centers, Sanger; backs, Siders, Morley, Bailey, Little.

Dons-Compton in First Conference Tilt

Jimmie Davis Voted Junior Collegiate 'Don-of-the-Week'

Jimmie Davis has been voted the "Don-of-the-Week," Vander-mast's has announced. Carl Oberto received the next highest number of votes and Jack Pickering rated third.

Davis will receive a bronze T engraved with the date and honor. His photograph will be on display for the coming week in the show window of Vander-mast's.

The selection of "Don-of-the-Week" is made by spectators at the game of the week. Persons wishing to vote should check their choice on the program or write the name on a piece of paper and deposit it in the ballot box in front of the Vander-mast store. All ballots must be deposited before Wednesday evening of each week as the votes are counted on Thursday morning.

Santa Ana junior college has been included in the colleges receiving invitations to join a Junior-Collegiate press association, according to Francis Errota, El Don sports editor.

An initial meeting for making plans will be held soon at the Los Angeles City college. Pasadena, Long Beach, Glendale, Compton will also be represented.

YELL LEADERS CHOSEN

Marilyn Kellogg, winner in the recent yell leader contest, has chosen Dean Flanagan and Bill Clayton as her assistants. The three students tried out together at the Fort MacArthur game Saturday night.

Tartars Play Dons Tonight

Tonight in Compton's Ramasur Stadium, an exciting game is in prospect as Coach Joe "Cowboy" Forbes touted Compton Tartars vie with Coach Bill Cook's air-minded Dons.

Both teams have met one common opponent, the Fort MacArthur Canoneers. Compton opened their season by losing to the Canoneers in the final six seconds of play 21-18. The Dons met defeat last Saturday against the MacArthur by 18-13. Compton, however, has been weakened since the Fort MacArthur skirmish.

Three Tartars Called By Navy

Compton has lost halfback Royal Cathcart and his understudy, Elizardo Flores to the Navy in addition to Bob Henderson, reserve center. That 85-0 defeat administered to the Tartars by the San Diego Naval Training station last Sunday, couldn't have helped Compton's physical condition.

Compton however, has a big rugged line, and the return of the injured Joe Perry, speedy back, should strengthen the Tartars in the backfield. Joe Feary, Huntington Park speed-demon will replace Cathcart at tailback. Quarterback Don Fontaine and left halfback Allen Caruthers round out Compton's opening backfield.

Captain Carl Fennema at center anchors a powerful line. Keith Deeds, all C.I.F. guard from Long Beach Wilson, and Carl Kraushaar from Montebello, are rated tops at their end positions.

Dons In Good Shape

The Dons are in great physical shape after their bruising skirmish with Fort MacArthur. They will be strengthened by the addition of Seth Bullock, All-Orange league end from Tustin.

Cook May Use Two Units

The Dons will probably tee off with Bob Childs and Roland Edwards on the wings, Bill McGee and Ron Marsile at the tackles, Bill Neth and Captain Willard Bristow at guards, and John Francis at center. The backfield may have Carl Oberto, Jack Pickering,

Don Givens, and Ronnie Troutman in the opening lineup.

The second unit would probably have Roland Bigonger and Bob Kellogg at ends, Merle Clever, who performed brilliantly against MacArthur, and Dean Beitler at tackles, Jack Weaver and Leonard Torres at guards, and Don Callahan at center. Jim Davis, whose brilliant right arm made a sensational debut against MacArthur, John Etchandy, Dick Conde and Walt Donovan will probably work in the backfield.

Tough Tangles Ahead for Dons

Those who think that Santa Ana junior college has drawn a tough football schedule, will have additional reason to believe it Oct. 13 and Nov. 18. The Dons battle the Bruin babes on the Oct. 13 date, and tangle with the USC B's Nov. 18.

The two "Bee" teams are of equal strength as evidenced by their 7-7 tie in the coliseum on Sept. 23.

Bruin Backfield Versatile

The Bruins feature a fine array of backfield material. Lyle Palmer, Russ Madsen and a lad named Brown, looked mighty good in the Brubabe backfield. Ira Svenggaard and Marion Childers were the outstanding UCLA line-men.

Trojan Line Strong

The Trojans didn't click on the offense until late in the game. Travis Manning sparked the late Trojan drive, with some hard and speedy running. The Trojan jay-see line made an impressive appearance with Paul Salata, Dave Smith and Jim Lund standing out. Two former Santa Ana high school boys, Ben Schlegel and Jack Music, performed for the Trojans, as halfback and end respectively.
